Board of County Commissioners

DATE: September 9, 2003

SUBJECT: Amendment to the People's  
Transportation Plan

**RECOMMENDATION**

It is recommended that the Board of County Commissioners (Board) accept the Citizens' Independent Transportation Trust's (CITT) amendment to the People's Transportation Plan (PTP) deleting a street-widening project described as "NW 170<sup>th</sup> Street" which calls for the widening of this street from two lanes to four lanes.

**BACKGROUND**

As part of the development of the PTP, staff was directed to meet with each member of the Board to ascertain any transit service improvement or highway/street improvement in each district. The highway/street improvements projects can be found in handwritten pages 26-28 of Ordinance No. 02-116 (The PTP). The subject project was apparently erroneously included in the list. In the attached correspondence from Commissioner Natasha Seijas, who represents the particular district, you will find that she never requested the inclusion of this project in the PTP.

Inasmuch as these projects were to represent Board members' requests and that the Commissioner did not request this project, it is respectfully recommended that the project be deleted from the PTP.

The Projects Review Committee of the CITT has reviewed this request and recommends that it be deleted.

The CITT approved this recommendation, as evidenced by the attached CITT Resolution which is being forwarded to the Board.
